

MASON CONTRACTORS
ASSOCIATION OF ST. LOUIS
MONTHLY MEETING

Tuesday, August 3, 2010
6:30 p.m. Buffet Dinner

1429 S. Big Bend Boulevard, St. Louis, MO 63117

Guest Speaker:

Darrell McMillian, P.E., MISL
Structural Masonry Design System

Join us in an overview of the National Concrete Masonry Association's Version 5 of Masonry Structural Design System software to get a better understanding of how our customers, the design community, utilize this software in making their decisions for concrete masonry units (CMUs) and understanding reinforced and unreinforced masonry, shear walls, columns, lintels and valuable design fundamentals.
